FIRSTRONIC WINS FOUR CIRCUITS ASSEMBLY SERVICE EXCELLENCE AWARDS

GRAND RAPIDS, MI -- Firstronic, (www.firstronic.com), won four award categories at the 2019 Service Excellence Awards (SEAs) for Electronics Manufacturing Services (EMS) providers with revenues of \$101 million to \$500 million. The award categories were: Dependability/Timely Delivery, Responsiveness, Value and Technology. The awards program was sponsored by Circuits Assembly magazine and recognized EMS companies that received the highest customer service ratings as judged by their own customers. The ceremony was held on Jan. 29, at the IPC APEX Expo in San Diego, CA.

"I'd like to thank our team for another year of outstanding performance and our customers for the accolades that earned us these awards. This remains the one award program in our industry that is entirely judged based on customer rankings. We truly value the feedback we receive via the surveys in this awards program and will use that feedback to continue to raise the bar on our performance," said John Sammut, Firstronic's President and CEO.

About Firstronic LLC
