FIRSTRONIC SWEEPS CIRCUITS ASSEMBLY SERVICE EXCELLENCE AWARDS

GRAND RAPIDS, MI -- Firstronic, (www.firstronic.com), won all five award categories at the 2018 Service Excellence Awards (SEAs) for Electronics Manufacturing Services (EMS) providers with revenues of \$101 million to \$500 million. The award categories were: Quality, Dependability/Timely Delivery, Responsiveness, Value for Price and Technology. The awards program was sponsored by Circuits Assembly magazine and recognized EMS companies that received the highest customer service ratings as judged by their own customers. The ceremony was held on Feb. 28, at the IPC APEX Expo in San Diego, CA.

“We truly value these awards because the ‘judges’ are our customers and we are competing against companies that offer the exact same services. Having been named Circuits Assembly’s EMS Company of the Year and an IndustryWeek Best Plant in 2017, we see these customer-driven Service Excellence Awards as further validation that the systems and processes we have put in place are delivering industry leading results. I’d like to thank our team, our customers and our suppliers,” said John Sammut, Firstronic’s President and CEO.
