FIRSTRONIC WINS VALUE AWARD IN CIRCUITS ASSEMBLY COMPETITION

GRAND RAPIDS, MI -- Firstronic, (www.firstronic.com), won the award for overall Value at the 2020 Service Excellence Awards (SEAs) for Electronics Manufacturing Services (EMS) providers with revenues of \$101 million to \$500 million. The awards program was sponsored by Circuits Assembly magazine and recognized EMS companies that received the highest customer service ratings as judged by their own customers. The ceremony was held on Feb. 4, at the IPC APEX Expo in San Diego, CA.

“I’m pleased that we have won the Service Excellence Award for Value for the fourth year in a row. I’d like to thank our team and our customers for continuing our legacy of winning at least one award in this customer-driven competition in each of the five years we’ve entered. We look forward to next year’s competition when the throughput enhancements of the investments we’ve made over the past year in Industry 4.0 infrastructure should be reflected in the customer survey data,” said John Sammut, Firstronic’s President and CEO.

About Firstronic LLC

Firstronic LLC (www.firstronic.com) provides advanced electronics manufacturing services and optimized supply chain solutions for companies in a wide range of industries including automotive, industrial and medical device.
